HOME DEPARTMENT

G.O. No. 2318, 21st July 1953.

Marriages—Indian Christian Marriage Act, 1872—Application for duplicate copies of licences under sections 6 and 9—Report of licensee explaining the circumstances under which the original was lost or destroyed to accompany applications—Instructions—Issued.

Order—No. 2318, Home, dated 21st July 1953.

The Secretary of a Mission submitted to Government recently an application for duplicate copy of a licence under section 9 of the Indian Christian Marriage Act, 1872, on behalf of the licensee stating that the licence was destroyed by white-ants. There was no application from the licensee himself nor a report from him explaining the circumstances in which the original licence was destroyed.

As the licensee is responsible for keeping the licence safe, the Government consider that an explanation from him as to the actual circumstances in which the original licence was lost or destroyed should be submitted to Government when a duplicate licence is applied for.

All Collectors and the Marriage Registrar, Madras, are requested to see that in future when the issue of a duplicate of a licence granted under section 6 or 9 of the Indian Christian Marriage Act, 1872, is recommended, a statement from the licensee explaining the actual circumstances under which the original licence was lost or destroyed is obtained and forwarded to Government.
